Note. Bulblets are not guaranteed to grow. Some grow very well. Others are tempermental. You take your chances of success same as ourselves.

DAHLIAS AND GLADIOLI FOR 1940

GUARANTEE. All dahlias and gladioli are guaranteed healthy and true to name to the extent of replacement, or a refund of the amount we receive.

Our best recommendation is probably the fact that, year after year, a number of our customers call at the gardens, make their selections from varieties growing in the field, pay for them and have shipment made at planting time for their locality.

Each variety is correctly labeled. Cultural directions enclosed with each shipment. In cold weather all packages are heavily insulated against freezing. Gladioli will be shipped about April 15th, dahlias about May 1st, unless requested otherwise. Please give shipping date.

Remittance should accompany order. Prices quoted are postpaid unless shipment is to be C. O. D. Then all charges are collect. Our Post Office and Express address is Mays Landing, N. J. Gardens located on south side Somers Point-Mays Landing road at Scullville. Early orders will receive the most and better extras. For prices on larger quantities, please submit your want list for quotation. Frankly, orders of less than \$1 for Gladioli and \$2 for Dahlias do not pay packing and shipping costs. Please co-operate.

DAHLIAS
